*GROW  
THROUGH  
EXPERIENCES*

Erasmus is now considered by everyone to be the beautiful side of Europe, to use the definition given by the director of the national agency Erasmus + Indire Flaminio Galli. The most important aim is therefore to allow teachers and students to spend time in another country to study, learn and work, and learn other languages in addition to their mother tongue.

For me Europe is it was a unique experience, we lived special and unforgettable moments, we tasted typical products, visited fantastic places and learned new cultures and new ways of learning in a French hotel high school. Experience to be redone, the journey was enchanting.
